POLICE DEPARTMENT

ANNUAL REPORT FOR 1938

The crime situation in Milwaukee remained practically unchanged in the year of 1938; some crime classifications showing a decrease, others a slight increase. There were 7 murders and one non-negligent manslaughter case, making a total of 8 criminal homicides for 1938. For 1937 there were also 8 criminal homicides with 4 murders and 4 non-negligent manslaughter cases. Complaints for assault and robbery numbered 51, an increase of 7 over the previous year. In 1938 there were 577 complaints of burglary, 482 in 1937, and 524 for 1936. The trend for auto thefts is just the opposite of burglaries with 543 complaints for 1938, 850 in 1937, and 532 in 1936.

Milwaukee again had the lowest motor vehicle fatality rate in 1938 (6.8 per 100,000) for all cities in the United States having a population of over 500,000 (Group 1), according to the National Safety Council. This represented a 38% decrease in motor vehicle fatalities over the previous year.

The radio station, which was located in the old Third District Police Station at N. 12th and W. Vine Streets, was moved to the new Third District Police Station at N. 47th and W. Vliet Streets on March 12, 1938. The old equipment, which had been in 24-hour daily service for eight years, is being completely over-hauled and installed as an auxiliary system to guard against interruptions in service due to equipment failure. The installation of a fully automatic gasoline driven generating plant in June, 1938, provides for uninterrupted operation in the event of commercial power failure. The installation of a radio telegraph station operated on nine different frequencies in the interzone police service in May, 1938, permits the rapid and accurate interchange of police information between this department and Police Departments in other cities and states.

213 automobile thioves were arrested during the past year as compared with 298 during the year 1937 (including juvenile arrests).

BUREAU OF IDENTIFICATION

There were 6,715 prisoners brought to the Bureau of Identification during the year 1938, as compared with 6,452 during the year 1937. These prisoners were fingerprinted, photographed, Bertilloned and recorded as follows:

	1937	1938
Prisoners fingerprinted and photographed, including 3 who were Bertilloned	1446 3187	1479 3270
Prisoners brought to the Bureau who were identified as having been fingerprinted at the Bureau prior to 1937-1938	1819	1966
Total number of prisoners brought to the Bureau	6452	6715

Of the 1,966 prisoners who were identified as having previously been fingerprinted at our Bureau, 1,830, after being questioned at the Bureau, admitted their
previous records here; however, additional fingerprints were taken of these prisoners to verify their criminal records. Of the 1,966 prisoners, 136 gave fictitious
names and denied ever having been arrested before, but were identified through
their fingerprints as having criminal records.

During the past year 330 identifications were made through fingerprints received by mail from police jurisdictions in other cities.

During the year the Bureau was called upon to fingerprint 24 unidentified bodies at the County Morgue, of which number 11 were identified through their fingerprints and 12 by relatives or friends.

The total number of prisoners handled during the year 1938 required the taking of 14.388 fingerprint cards, of which number 7.218 were sent to other bureaus of identification, 4,749 placed in our master fingerprint file, and the balance of 2,421 were placed in our duplicate fingerprint file.

In addition to the mumber of local fingerprints filed, this Eureau received 3.877 fingerprint cards from other police jurisdictions which were properly classified and placed in our file, making a total of 5,626 fingerprint cards added to our file during the year.

On 271 occasions during 1938 the Bureau was called upon to examine premises where crimes had been committed, with a view of obtaining fingerprints in an effort to establish the identity of the perpetrator; and in 147 cases objects were brought to the Bureau for examination by members of the Detective Bureau, making a total of 418 such cases. The total amount of time consumed by latent fingerprint work during the past year was 500 hours.

In connection with crimes where latent fingerprints were examined, many persons were eliminated as suspects after their prints were compared with those found. In 19 instances latent fingerprints were identified as being those of the complainant or some other person who had lawful access to the premises. However, in 9 instances positive identifications were made through latent fingerprints which resulted in the apprehension of the criminals.

IDENTIFICATIONS MADE AT OTHER BUREAUS THROUGH FINGERPRINTS CONTRIBUTED BY OUR DEPARTMENT

In 1938 there were 5,619 fingerprint cards (1,479 photographed here for the first time, 870 with photographs of previous offenders, and 3,270 "roughs") sent

to the Federal Bureau of Investigation, and 1.479 fingerprint records with photographs sent to each of the three other Bureaus, Identification notices containing 911 aliases were received from these bureaus, as follows:

Federal Bureau of Investigation, Department of Justice Washington, D. C	2118
State Department Of Public Safety, Bureau of Identification, East Lansing, Michigan	195
Bureau of Identification, Police Department, Chicago, Illinois	195
	2317

This department also received identification notices of subjects arrested in other jurisdictions during the year who have been fingerprinted by this department previous to January 1, 1938, as follows:

Federal Bureau of Investigation, Washington, D. C	2115
State Department of Public Safety, East Lansing, Mich	195
Ohio State Bureau of Criminal Identification, London, Ohio	186
Bureau of Identification, Police Department, Chicago, Ill	3
	2499

During the past year this division made 14,533 photographic prints as compared with 15,859 for the previous year. Following is a detailed tabulation of the work performed during the year 1938 as compared with 1937:

	1937	1938
New prisoners photographed	1446 5890 64 239 2475 206 417 587 607 81	1479 1437 830 1528 143 1431 530 706
Photos of members and employes of the department, both old and new	105 140	147 141
Miscellaneous photos (persons wanted for crimes, missing persons, unidentified persons, etc.) Photostatic copies of miscellaneous matter	1238 3741 19 50	1493 4289 18 25

To assist members of the department in the preparation of cases of local prisoners who had previous records, this Bureau, at the request of such officers, compiled and typed 679 criminal records on official stationery for introduction in court. In addition to this figure, 458 records, previously compiled, were furnished officers, making a total of 1,117 records used for presentation in our criminal courts in aiding the presentation and disposition of cases before such courts.

THE PERSON OF TH Will Fath Liver of the new posterior During the past year, 1,901 handwriting cards were filled out by prisoners. These cards, together with photostatic copies of checks, anonymous letters, etc., are classified, indexed, and filed according to the Lee and Abbey system of classification. There were 2,390 such cards and photostatic copies added to the file during 1938, making a total of 23,239 handwriting specimens now in this file. During the year there were 2,589 index cards filled out and filed alphabetically in connection with the handwriting specimens contained in this file. The results obtained from questioning prisoners at the Eureau of Identification who had not previously been fingerprinted at the Bureau were very gratifying; 67.6 per cent of such prisoners admitted previous arrests for felonies and misdemeanors. These admissions were written in our record books and carefully checked when compiling records of such prisoners. Of the total number of prisoners, 6,715 brought to the Bureau of Identification during the year. 3,761, or 56 per cent, were found to have previous fingerprint records. Of the 1,476 such prisoners who were photographed by this Bureau during the year for the first time, 756, or 51.2 per cent, were reported by the Federal Bureau of Investigation, Department of Justice, Washington, D. C., as having criminal records elsewhere. The 2,226 transients, arrested were brought to the Bureau of Identification during the year 1938 and 1,126, or 50.7 per cent were reported as having previous criminal records by the Federal Bureau of Investigation, Washington, D. C. W.P.A. PROJECT NO. 8209 A W.P.A. Project was established in the Milwankee Police Department in

June, 1938, for the purpose of:

1. Creating a single fingerprint file with the prints classified according to the Battley System.

2. Extending the classification of the regular ten-print cards, according to the Rence Extension, of all fingerprints taken prior to 1932.

The personnel on this project consisted of 1 supervisor, 8 senior clerk classifiers, and 2 junior clerks. From July 7, 1938 to December 31, 1938 the men assigned to this project completed the following work.

1,913 Sets of fingerprints for Battley file.

2,521 Corrections on fingerprint cards to coincide with the new F.B.I. interpretation of the Henry System.

5.256 Fingerprint classifications extended according to the Renoe System.

14.018 Total mumber of fingerprint cards checked.

A part of the project is devoted to the cataloging of books and library material in the possession of the department and a revision of the personnel records.

DETECTIVE BUREAU

Direction of the state of the property of the state of th

The Detective Bureau investigated 11,623 complaints and 4,495 letters and communications, interviewed 8,508 prisoners and witnesses, and 226 verbatin statements were taken.

The pawn division of the Detective Bureau, which compiles descriptions of property stolen and checks them against the daily reports submitted by the pawnshops, aided in recovering property valued at \$11,505 in 77 cases.

MISSING PERSONS

In 1938 a total of 920 persons were reported missing locally, of which all but 29 have been reported located. Fourteen of these still missing are males and fifteen are females.

Of the males missing locally, 5 are wanted on warrants or on capiases issued by various courts.

Of the females missing locally, 3 are girls who escaped from the Wisconsin Industrial School for Girls and one is a girl wanted on a Juvenile Court capias. In one case a young woman was reported missing by her foster father who lived in another city. He came to Milwaukee in search of his daughter whom he had not heard from for a year and a half, but being unable to find her, reported her missing to this department. Another woman had been discharged from the House of Correction two years previous and when her husband was released from the Wisconsin State Penitentiary, he was unable to locate her and reported her missing.

39 reports of persons missing from other jurisdictions were received by this department.

VICE SQUAD

There were 126 complaints relative to vice conditions in the city investigated by the Vice Squad during 1938. Other investigations included 55 complaints for gambling, 5 fortune telling, and 13 for liquor violations. The squad made a total of 854 arrests.

WE PRESENT THE LANGE OF THE PARTY OF THE PARTY AND ASSESSED.

POLICE RADIO

The police radio system has now been in operation for eight years. The city is divided into 19 uniform radio squad car districts, and 14 radio motorcycle beats. Besides this there are twelve Detective Bureau radio squad cars, and one Traffic Bureau special investigation squad car. The Department has a total of 114 mobile units radio equipped - 56 cars and 58 notorcycles, and 1 police boat.

Police radio has expanded rapidly in the last few years in Wisconsin and fifteen counties representing over half the population of the state now have installed police radio stations. These stations have formed a voluntary network which has proven very valuable in spreading alarms. In two instances, persons, both of whom had committed a murder in Milwankee, were apprehended by deputy sheriffs in Racine County; they had received such information on their short wave mobile radio receivers.

The radio shop provides a 24-hour maintenance service for the radio equipped vehicles of the department. During the year the shop built and installed 25 receivers in cars and dismantled 25 receivers which were in old cars that were replaced. The shop is constantly experimenting and improving these receivers, and they have proven more efficient and cost less than the commercial receivers on the market.

HOMICIDES

MURDER

MRS. ELSA WOLF, 46, killed in her home at 838 N. 22nd Street., on April 9, 1938, between 11:00 A. M. and 11:40 A. M., by her husband, Oswald, age 59, who crushed her skull with several hasmer blows; then made futile suicide attempts. Oswald Wolf, neat market proprietor, arrested April 12th; sentenced July 1st to life imprisonment in Wisconsin State Prison for Murder, first degree. Cleared.

MRS. HEDWIG SMITH, age 51, of 2755 N. 15th Street., murdered in her home about 7:30 P. M., June 4, 1938, by Richard Brown, age 53, a roomer at the same address. After shooting Mrs. Hedwig Smith with a 32-calibre revolver, Richard Brown then committed suicide by shooting himself through the left temple. Cleared.

JOHN THOMAS (COL.), age 60, of 437 W. Vliet Street, disembowled and cut in left shoulder with a pocket knife by John Douglas Bryant (col), age 42, at the above address about 12:30 A. M., June 9th, 1938, in an argument ever Lily Mae Jackson (col); died at the County Emergency Hospital at 5:58 A. M., June 12th. John Douglas Bryant (col), age 42, of 931 W. Vliet Street, arrested June 9th; sentenced June 14th to 7-14 years, Wisconsin State Prison on conviction of Murder, third degree. Cleared.

MARY ALLEN (COL), age 32, of 931 W. Vliet Street, shot and killed at this address by Roy Johnson (col), age 37, also of this address; occurred about 7:45 A. M., June 12, 1938. Roy Johnson (col) fled after the shooting but was apprehended about noon of that day driving south on Highway 41 in Racine County by the Sheriff's officers of that County; he was returned here the same day. Sentenced July 1st to life imprisonment in Wisconsin State Prison for Murder, first degree. Cleared.

MRS. ANNA BRODOWSKI, age 54, of 1220 W. Burnham Street, thrown from a third-story window of a bedroom at this address about 10:45 P. M., June 16, 1938, by her husband, Chester Brodowski, after an argument. Injuries sustained in this fall proved fatal on June 29th. Chester Browdowski, age 53, the husband, arrested June 16th; sentenced July 9th to 7-14 years, Wisconsin State Prison on conviction of Murder, third degree. Cleared.

Body of VALENTIN HELLER, age 63, found about 10:15 A. M., August 22, 1938, near boxcar on 9th track east from S. 44th St., 5th track west from Menomonee River, about 150 feet south of extension of Soldiers! Lane or about 700 feet south of the Electric Company Rapid Transit Line. Death due to stab wound in chest, severing arteries near the heart, and causing internal hemorrhages. Medical opinion estimates that this man had been dead for about 24 hours, prior to the finding of the body. Uncleared to date,

MRS. GEORGIA CAMPBELL (COL), age 25, of 914-A W. Galena Street, killed at 9:15 P. M., November 27, 1938, at 1839 N. Ninth Street, by her husband, Henry Campbell (col), who cut her throat deeply with a razor, severing the jugular vein and windpipe. After a quarrel she had gone to her sister's home and refused to go home with him. Henry Campbell (col), age 42, arrested November 28th; sentenced December 17, 1938, to life imprisonment in Wisconsin State Prison for Murder, first degree. Cleared.

MANSLAUGHTER

JOHN KNUTOWSKI, age 64, 1820 S. 13th Street, died at 1:00 P. M., June 2, 1938, at the County General Hospital, from the effects of a skull fracture received when struck by a strange man about midnight, May 30, 1938, in front of 1820 S. 13th Street. George Carlson, 9020 W. Conrad Avenue, age 38, arrested June 2, 1938; claims that Knutowski apparently mistook him for some-body else, and attacked him provoking the fight which ensued and which ended in fatal injuries to Knutowski. Carlson sentenced July 26th to payment of \$500 fine and court costs on conviction of Manslaughter, fourth degree. Cleared.

HOLD BY SELECT THE PROPERTY

JUSTIFIABLE HOMICIDE

RICHARD BATTLES DAVIDSON, age 25, shot and killed by Acting Detective Louis A. Wagner, September 23, 1938, at about 10:22 P. M., at 610 N. 14th Street, as he fled in an attempt to escape arrest upon arrival of Acting Detectives Louis Wagner and Harry Cronce at his rooming quarters at the above address; such officers intent upon arresting him in connection with the murder of Mrs. Alberta Gollmar, age 69, which occurred in Baraboo, Wis., on September 22, 1938. Declared Justifiable Homicide at inquest of September 27, 1938.

WILLIAM JOHNSON, age 47, of 1936 N. 7th Street, found dead at his home on September 30, 1938. Death attributed to concussion of the brain and edema of the lungs, believed to have been caused by a fall during fight with nephew. Erving Kablitz, at 535 W. Reservoir Avenue, on September 26, 1938. Fight apparently provoked by Johnson. Ervin Kablitz, age 28, of 3903 N. 41st Street, arrested October 3rd. Declared Justifiable Homicide at inquest of October 4, 1938; defendant discharged by Coroner's jury. Cleared.
