## LAW ENFORCEMENT PROFESSION'S

### Code of Ethics

- I *As a law enforcement officer, I regard myself as a member of an important and honorable profession.*
- II *As a law enforcement officer, I will keep myself in the best physical condition, so that I may at all times, perform my police duty with efficiency, and if necessary defend my uniform with honor. It is my duty to know the art of defense and be proficient in the use of my revolver.*
- III *As a law enforcement officer, it is my duty to know my work thoroughly and to inform myself on all other phases of law enforcement work. It is my further duty to avail myself of every opportunity to learn more about my professional work.*
- IV *As a law enforcement officer, I should be exemplary in my conduct, edifying in my conversation, honest in my dealings, and obedient to all the laws of my city, state, and nation, and I shall regard these as my sacred honor.*
- V *As a law enforcement officer, I should not, in the performance of duty, work for personal advantage or profit. I shall, at all times, recognize that I am a public servant obliged to give the most efficient and impartial service of which I am capable and I will be courteous in all my contacts.*
- VI *As a law enforcement officer, I will regard my brother officer with the same standards as I hold for myself. It is my duty to guard his honor and life as I guard my own.*
- VII *As a law enforcement officer, I should be loyal to my superiors, who determine my policies and accept responsibilities for my actions. It is my duty to do only those things which will reflect honor upon them, upon myself, and upon my profession.*

# CHIEF OF POLICE

HOWARD O. JOHNSON

In reviewing the activities of the Milwaukee Police Department for the past year of 1958, I would like to take this opportunity of expressing my appreciation for the cooperation and efficient service rendered by members of this Department to the citizens of Milwaukee.

Within the traffic field, the achievements of this organization reflect a fatality rate of 1.7 fatals per 10,000 automobiles, and 5.8 fatal accidents per 100,000 persons, in comparison to the national average for cities within our group of 2.8 fatals per 10,000 vehicles and 10.2 accidents per 100,000 persons.

In its battle against crime, the Milwaukee Police Department, through a combination of alertness of its officers and cooperation of its citizenry, reflected a splendid spirit of teamwork.

Through field interrogation and excellent investigative techniques, a great majority of serious crimes perpetrated within this city were cleared.

Gambling and vice, in general, were kept at a very low ebb during 1958. Again, as in 1957, an independent survey by the American Social Hygiene Association, reiterated their findings of the previous year to the effect that prostitution and other sexual crimes were at an "irreducible minimum."

The record and accomplishments contained herein could not have been achieved without the assistance lent by citizens in all walks of life as well as all others within the city and county service. To one and all, I humbly wish to say "Thank You."

Your acceptance and cooperation will urge all within the service of this Department to even higher standards of law enforcement.

As always, we stand ready to accept the challenge of the future and will endeavor to continue to creditably perform in our chosen profession.

*Howard O. Johnson*

# CRIME IN MILWAUKEE

Perusal of statistical information given below reveals a decrease in crime in all but three of the major classifications (Assault & Robbery, Aggravated Assault, and Burglary). An aggregate increase of 4.7% in the incidence of major offenses within the City of Milwaukee is reflected in the overall total.

Of the 19,348 criminal complaints processed in 1958, 12,173 involved classification within the major offense category.

An increase of checks made of the General Wanted File will be noted in the total of 33,408 completed in 1958 as compared to 32,000 in 1957. Approximately 2,819 persons were reported missing with suicides and attempts numbering 236 for this year.

# BUREAU of IDENTIFICATION

The Milwaukee Police Department Bureau of Identification operates with a roster of 32 personnel on three shifts and consists of the photographic, fingerprint, criminal record, document examiner, and tabulating divisions, each a separate unit, but all comprising an overall registration and information section of the Department.

In summary, activities engaged in during 1958 comprise:

Fingerprints added to file	9,569
New Prisoners photographed	3,017
Photostatic copies of miscellaneous matters	16,632
Record Checks	19,848
Dead bodies fingerprinted	110
Objects brought to Bureau for examination	172
Prisoners registered	9,404
Letters sent	16,523
Bartenders and Taxi License checks	12,180
Premises inspected - latent prints	198
Handwriting identifications	399
Addition of Arrest Cards to file	95,393

## Fingerprint Division

The fingerprint technicians and patrolmen assigned to this division take, classify, and identify fingerprints of arrested persons; assist detectives when requested in obtaining latent fingerprints at crime scenes; process evidence for fingerprints for identity with suspects; obtain fingerprints in many instances under extremely difficult conditions of unidentified dead; question and register arrested persons obtaining necessary helpful information in locating such persons when wanted and obtaining accurate prior arrest information. The careful preparation of identified fingerprints for presentation in court is an important function of this unit.

## Photographic Division

This unit operates and maintains a complete photographic and photostatic copying facility. All Department photos of crime scenes, accidents, victims of crime, unknown dead, and evidence are completely processed and prepared for use as evidence.

## Criminal Record Division

Complete registration and criminal arrest records of all arrested persons processed in the Bureau of Identification are maintained in sectional post binders and filed according to the assigned numbers. A 3 x 5 card index file with the name and all aliases is accurately maintained and presently contains approximately 800,000 cards.

Fingerprint Division

### Arrest Record Card File

This division maintains the central arrest record card file, and there are approximately 800,000 arrest cards filed alphabetically. This division accurately maintains arrest record information and does the required follow-up detail for dispositions of all arrest records. The careful preparation of arrest record information for presentation in court and the compilation of arrest record information for government agencies is an important part of the service rendered by this division.

Criminal Record Division

### Document Examiner

This division maintains all records pertaining to handwriting, typewriting, criminal complaint reports involving worthless checks, forgeries, threatening letters, obscene writings, and fraudulent purchase complaints. Handwriting specimens obtained from all photographed prisoners are classified, indexed, and filed according to a system of classification developed by our Document Examiner. McBee punch cards are utilized in most instances, and a special file on check (trademarks) and other special identifying habits of persons involved in this type of crime is maintained. A special single fingerprint file of all known arrested persons involved in writing is maintained. A separate photo file of all known persons involved in check cases or fraudulent purchase cases is maintained for viewing by persons victimized by such violators.

# COMMUNICATIONS BUREAU

Communications Bureau facilities in the Police Radio Station, Radio Shop, Dispatcher's Office, 3 Police telephone switchboards, Teletype Relay Center, and the office were manned on a 24-hour basis by a total personnel of 80. This Bureau handles all radio technical work for 10 City Depts. operating 455 vehicles equipped with two-way radio on the Police, Fire, and Water radio systems. Civil Defense occupies a large portion of time devoted to planning and equipment maintenance. Replacement of AM receivers on all solo motorcycles with two-way FM radio units and conversion of radio units to meet the narrow band technical standards of the FCC began in 1958. Alternate Police and Fire base radio stations were installed at the Civil Defense Alternate Main Control Center at 56th & Oklahoma. The Police Teletype Relay Center transfers messages from and to any of the 42 machines in an area from Sturgeon Bay, Wis. to Grant County and is also equipped with nationwide TWX service.

# POLICE TRAINING

# and

## TRAINING

A comprehensive in-service training program involving a total of 563 separate instructional periods for the 1,600 members required to attend in-service training was conducted by the 10 personnel assigned to this unit.

A widely diversified curriculum geared to current, local as well as nationwide, problems of law enforcement dealt with the recently revised Wisconsin State Traffic Laws, Civil Defense, Disarming Tactics, Communications, Police Patrol, Health & Building Ordinance Violations, Traffic, Theft Laws, and Fire-Weather Disasters. A total of 18 instructional hours per man was devoted to the above subjects, with special expert lecturers conducting 3 sessions.

Supervisory training of administrative officers was held in addition to above, and Commanding Officers were afforded the opportunity of attending a special Arson Seminar, plus viewing films dealing with supervisory jurisdictions and modern police adaptations of record keeping.

## RECRUIT TRAINING

Two groups of probationary patrolmen, a total of 66 and 1 policewoman, were appointed to the Department during the year to replace those leaving the service for various reasons. An intensive course comprising instructions in all phases of police work, over a 360 hour

period was given these officers. They were given the opportunity to attend training for 4 hours at the Safety Building facilities and work in the field for 4 hours assigned to an older and experienced officer until graduation and permanent assignment.

January 6, 1958 -- 26 officers - 1 policewoman and 5 suburban officers. (2 former Police Aides within this group).

June 23, 1958 -- 40 officers and 1 suburban officer. (12 former Police Aides in this group).

## FIREARMS

In-service firearms training, both indoors at the Police Pistol Range, Safety Building, and at the Milwaukee Gun Club, was conducted during the year. A total of 117 such classes were held in the indoor range; 176 classes were conducted outdoors at the Lake Front, specializing in the use of the handgun and shotgun.

Uniform Inspections - Inspections of uniforms within the patrol division were conducted on 3 occasions during the past year with the over-all responsibility of maintenance of inspection and purchase records consuming a large portion of clerical time and office space.

Equipment - Replacement of the traditional "come-along" chain by handcuffs involved issuance and instructions in the application of this equipment.

Police Aide Program - A new group of 14 Aides began their four-year apprenticeship on July 7, 1958. A program of testing the stenographic abilities of all Aides continued. A rating form designed to indicate the proficiency and performance of each Police Aide was designed and implemented.

Departmental Ratings & Interviews (Probst) - Departmental ratings rendered by superior officers are channeled through this unit with subsequent review of grades with personnel involved being conducted on a semi-annual basis.

National Safety Council Report - As in past years, assistance was lent in the compilation of the booklet submitted to the National Safety Council dealing with the analysis of fatal accidents for the past year.

Speeches, Conferences, & Schools - Staff members of this unit participated in 22 schools or institutes and addressed police and civilian personnel in many instances.

Bicycle Violator's School - During the year, six schools were conducted with 360 boys and girls attending with over 100 parents and visitors accompanying. The school provided lectures on safe bicycling procedures, care and operation of the bicycle, and supplements these instructions with visual aids and pamphlets.

Blood Donor Club - This Department maintains a Blood Donor Club for any member of the service who wishes to become a part of it in the event of necessity for himself or his family. During the past year, 263 pints of blood were withdrawn for various reasons. This is a tremendous increase over previous years, almost tripled; however, the bank continues to remain solvent. Savings to members is calculated at \$3,960.00 for the past year.

Policemen's Athletic Association - As headquarters for the Policemen's Athletic Association, a wide variety of sporting activities involving hardball, softball, judo, bowling, volley ball, golf, and target pistol shooting is afforded all members. Over 800 officers participated in some sports program during the year which culminated in the Annual Trophy Awards affair.

The physical conditioning and teamwork inspired in this program is of great importance both to morale and general Department efficiency.

# VICE SQUAD

This unit, with a complement of 38 personnel, participated in the investigation of 1,780 complaints in 1958 as compared to 1,519 in 1957.

The range of activities included:

	<u>1957</u>	<u>1958</u>
Disorderly Houses-Prostitution	99	158
Violating Gambling Laws	336	474
Liquor Law Violations	38	107
Violations of City Ordinances	311	449
Violations of State Laws	888	974
Juvenile Delinquents	335	491
Violations of Narcotic Laws	314	232

Interior of Gambling Joint

## Narcotic Squad

In the operations of this segment of the Vice Squad, comprised of 6 personnel, 232 arrests were made for violation of narcotic laws. Significant in this respect is the fact that not a single juvenile was arrested for this violation during the past year.

## Gambling

A notable increase in gambling arrests is shown. Constant pressure is being exerted to curb this vice within the city, and appreciable gains have been made in this respect.

## General Assignments

Speaking engagements by members of the Vice Squad numbered 118, with discourses given pertaining to the duties of this

Twelve "Fixes" Left This Scar organization. Attendance of these requested lectures totaled upwards of 10,343 persons.

The 6 policewomen assigned to this squad assisted in 274 arrests involving sex.

Added to the duties of this division is the responsibility of investigation of applicants for distributorship licenses for amusement devices or phonographs.

Arrests for violation of liquor laws has increased 300% as well as activity in the investigation of tavern complaints.

Continued vigilance within this Bureau, as well as throughout the Milwaukee Police Department, is the key note in this organization's attempts to retain the hard-earned reputation of being one of the most crime free cities in the United States.

# CIVIL DEFENSE

## POLICE SERVICES DIVISION

Based on the existing organization of the Police Department, the Civil Defense Police Services Division operates under a policy established by the Chief of Police and his administrative officers. During a Civil Defense Emergency, the Division is responsible for maintaining its normal functions and coordinating and controlling police operations which result from a man-made or natural disaster of great magnitude.

The Division personnel includes all members and employees of the Department and more than 700 members of the Police Auxiliary. A class of 46 auxiliary officers was recruited and trained during 1958, and these men were assigned to District Stations for further training under a year round in-service training program conducted by selected Police Sergeants. This training included first aid, police practice and procedure, and basic techniques in radiological monitoring.

As in previous years, the Police Department participated in the annual "Operation Alert" test exercise. This year the Department activated 1497 regular police officers and 150 volunteer auxiliary officers. The feature of our activity was the seizing of streets and highways which would be needed for movement of emergency equipment vital to the re-entry of the City following an enemy attack. The simulated successful re-entry to the City followed a plan developed by the staff of the Police Training and Special Services Division.

Chief Howard O. Johnson was appointed a member of the Police Advisory Committee of the Office of Civil and Defense Mobilization and as a member, will have a voice in the development of national policy in matters relating to the part law enforcement agencies will play in the event of a war-caused national emergency. The responsibility of the Milwaukee Police Department is readily recognized by the Chief.

During 1958 the Milwaukee Metropolitan Target Area Police Services Division was organized and presently comprises all of the Sheriffs' Departments and Municipal Police Departments in Milwaukee and surrounding counties. One of the purposes of the Division is to organize and conduct police operations during a war-caused emergency as a single police unit under the supervision of an experienced officer who is cognizant of the problems arising out of such an emergency.

The Milwaukee Police Department was active in leading the way toward the successful development and expansion of the Civil Defense Police Service Division. Members of the Training and Special Services Division staff devoted many hours to the writing of the Police Services Annex of the State of Wisconsin Survival Plan which was approved and adopted by representatives of each of the counties in the Milwaukee Metropolitan Target Area and of the Federal Office of Civil and Defense Mobilization.

## DEGREES OF AWARD

Class "A" - Posthumously or when injured seriously in direct combat in action beyond that expected in the line of duty.

Class "B" - Gallantry involving risk of life or great bodily harm beyond ordinary hazards of the service.

Class "C" - Extraordinary or unusual heroism in connection with regular discharge of duties.

Class "D" - Display of unusual initiative, marked ability, keen observation, and exceptional energy in performance of regular duty.

Class "E" In cases which do not merit above awards, but where a letter of appreciation becomes appropriate.

### Class "C"

Patrolman Kenneth Stanelle, Third District - On November 28, 1957, at 10:30 PM, Ptm. Stanelle and his partner stopped to make a routine check of a tavern-dance hall at 2920 West Greeves Street. They observed a group of five people causing a disturbance. When they attempted to investigate, they were attacked with knives by two of the participants. Ptm. Stanelle's partner was severely cut in the thigh and groin resulting in excessive loss of blood and ultimate unconsciousness. Ptm. Stanelle was then left alone to contend with the assailants and the hostile crowd that was gathering. He fired his revolver at one of the assailants wounding him in the leg. The other assailant attacked him and cut him severely about the face and scalp. Ptm. Stanelle attempted to club the man with his gun in order to subdue him, but his assailant continued the attack, at which time Ptm. Stanelle shot and killed him. He then protected his partner, and held the crowd at bay until assistance arrived, requesting his partner be conveyed to a hospital before he. Medical examination revealed both Ptm. Stanelle and his partner to have received serious injury requiring placing them on the critical list, and hospitalization for many weeks. Granting of citation was allayed until this past year and sufficient recovery of subject to accept the award.

Patrolman Stephen Kwasniewski, Second District - On June 20, 1958, at 12:15 P.M., a woman approached Ptm. Kwasniewski at S. 11th and West Mitchell Street and informed him that an armed hold-up was in progress at a bank located on the corner. Ptm. Kwasniewski immediately approached the bank door and came face-to-face with the hold-up man who was attempting to leave. The man was armed with a double barreled sawed-off shotgun which was protruding from his short coat. Without hesitation, Ptm. Kwasniewski reached for the shotgun barrel and pulled it away from the holdup man, disarming him and taking subject into custody.

### Class "D"

Patrolman Harold Gillman, First District - On August 2nd, 1958, at 3:48 A.M., Ptm. Gillman observed smoke coming from a three-story building at 1410-18 North 15th Street. He notified the Police Dispatcher of the fire via his squad radio, and then entered the burning building. He roused all of the tenants from their sleep and ordered them to leave the premises, lending assistance towards their safe departure.

### Class "E" Commendatory Letter

Patrolman William Kasten, Third District - On November 28, 1957, Ptm. Kasten and his partner, in their attempt to investigate an altercation in front of a tavern-dance hall at 2920 West Greeves Street, were attacked and subsequently wounded. They were set upon without warning by two men with knives when they attempted to question the participants in a disturbance. In the ensuing melee, Ptm. Kasten was severely cut in the thigh and groin and because of loss blood, was rendered unconscious. His partner subsequently shot and killed one of the assailants and wounded the other one. Award of citation was delayed until this past year awaiting recovery of subject.

Patrolman Robert Kleismet and Patrolman Robert Weigman, First District - On March 24, 1958, at 4:20 A.M. these officers observed smoke coming from a building at 1115 West Walnut Street. One of the officers immediately turned in a fire alarm after which both patrolmen entered the burning building and successfully assisted 11 occupants to safety.

# TRAFFIC

Continuous vigorous enforcement resulted in 2,500 fewer accidents or 10% reduction in the overall number as compared to 1957.

Vigilance exerted produced a 55% count of persons charged for some infraction of the laws and ordinances in the 20,922 traffic accident cases handled.

Apprehension of pedestrians involved in some violation of the ordinance resulted in 10,211 persons arrested.
