HOWARD O.. JOHNSON
CHIEF OF POLICE

MILWAUKEE

DEPARTMENT OF POLICE
933 NORTH EIGHTH STREET • SAFETY BUILDING
MILWAUKEE 3, WISCONSIN

HOWARD O. JOHNSON
Chief of Police

IN REPLY REFER TO:

The Honorable
The Common Council
City Hall
Milwaukee, Wisconsin

Gentlemen:

Once again it is time to submit a report of the activity of the Milwaukee Police Department covering the year 1963.

Milwaukee can again claim to be the most crime-free city in the one population group of 6 cities between 700,000 and 800,000 persons, although the record will show that serious crimes known to police increased by 16 per cent. Yet, in these same major categories of serious crimes; namely, murder, rape, assault, robbery, burglary and auto theft, Milwaukee had an overall 36 per cent fewer crimes reported than any other city in this population group.

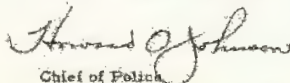

The national juvenile delinquency problem is ever prevalent in Milwaukee as pointed out by the 25 per cent increase over 1962 in arrests of juveniles under the age of 18 years of age for major crimes.

This record also shows that Milwaukee had 59 traffic accidents which accounted for the 62 traffic fatalities during 1963. Investigation bore out that in more than one-half of these accidents, at least one of the following circumstances contributed to its cause; speeding, failing to yield right of way, disregarding traffic signal or drinking.

Our achievement record in making Milwaukee one of the safest large cities in the nation is an example of what can be done by linking forces with the citizenry and obtaining the assistance and cooperation of the courts and prosecutors in a chain against crime.

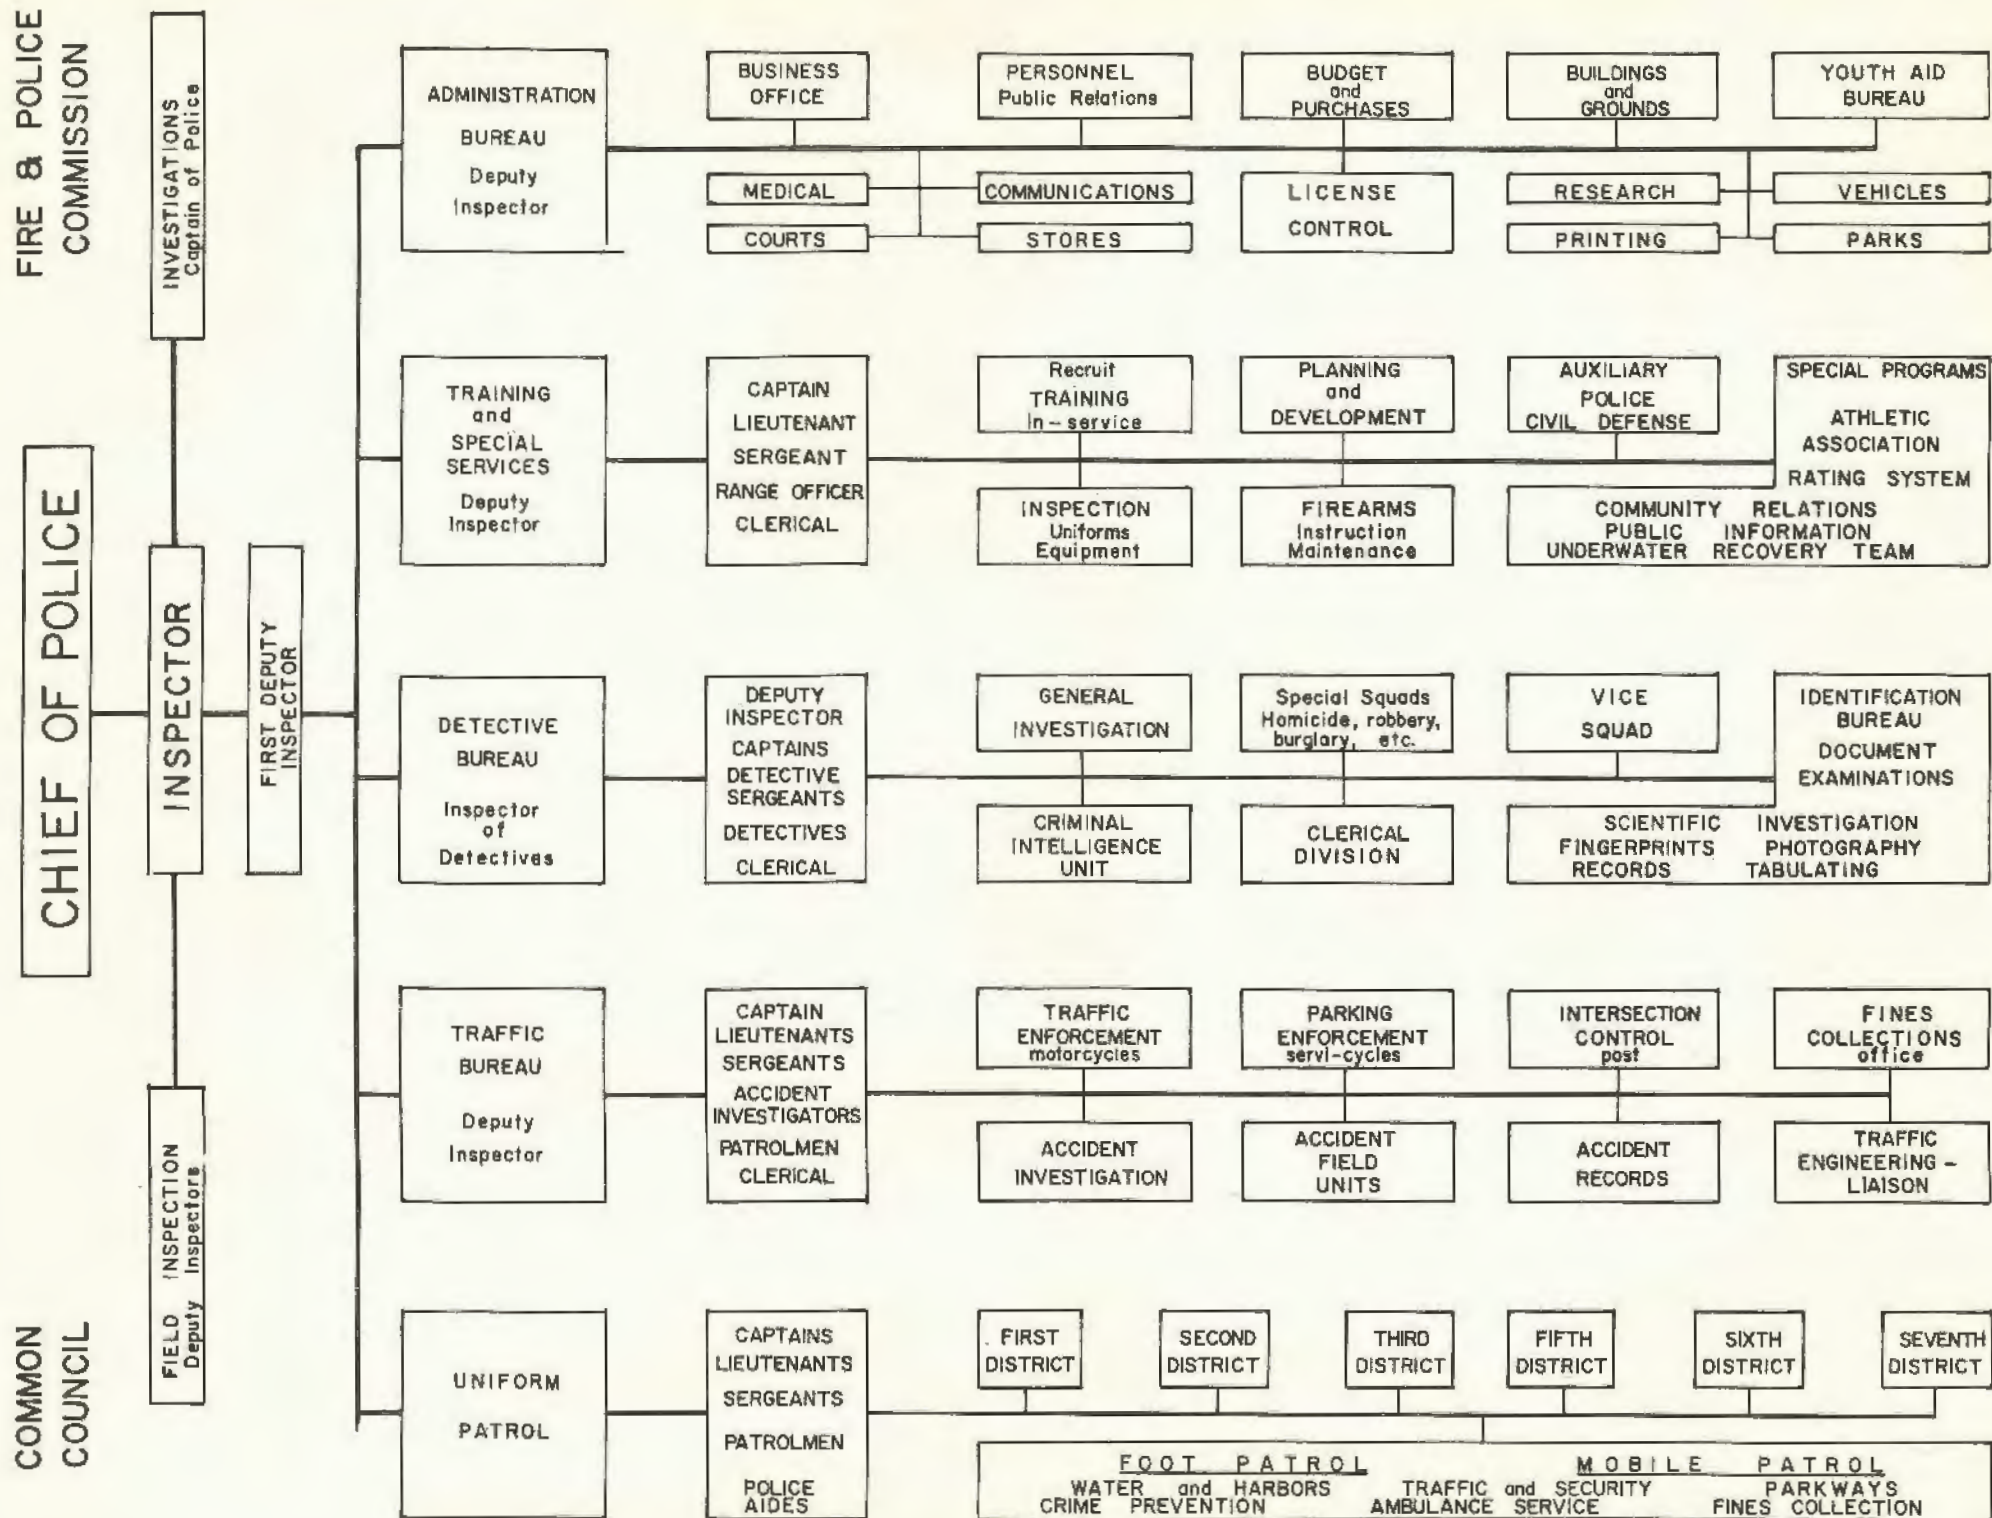

Through continuous recruitment of dedicated police officers, proper training, watchful leadership and excellent citizen cooperation and your Honorable Body providing adequate budgetary needs, this Department shall renew its efforts in 1964 to keep Milwaukee a safe and orderly community in which to live and work.

Respectfully submitted,

Chief of Police

COMMAND AND FUNCTIONAL ORGANIZATION CHART

FIRE AND POLICE COMMISSION

The Milwaukee Fire and Police Commission was created by the Wisconsin Legislature in 1885 as the first fire and police civil service authority in the United States. It was preceded only by limited civil service in the Federal Government, New York State and Massachusetts where the original laws were adopted in 1883 and 1884.

Applicable only to Milwaukee, the law was enacted after responsible citizens demanded that the Police and Fire Departments be taken out of politics. In pre-commission history, the Chiefs and other members of the two forces served at the pleasure of the party in power and very often were replaced following a new election. The purpose of the law then was to stabilize department operations by providing continuity of service for all fire and police personnel in order to attract the caliber of men who would make a career of serving the public. Five citizens serve five-year terms, one term expiring annually in July. Appointments are made by the Mayor, subject to Common Council approval.

All appointments to positions in the fire and police service must receive Commission approval. When a vacancy exists in the Office of Chief of Police or Fire Chief, it is the duty of the Commission to select a suitable person for the office.

The Commission establishes recruitment and examination procedure requirements which will bring to each Department individuals who are qualified by education, aptitude, physical fitness and temperament. It provides competitive examinations for higher positions so that the personnel will have the incentive to prepare themselves by study and application to duty, knowing that regardless of seniority or affiliation, they have an opportunity for advancement.

In line with its obligations, the Commission supports the Chiefs in their efforts to ever improve the effectiveness of departmental operations so that the City of Milwaukee will maintain its high standards of efficiency. While prime authority for disciplinary action rests with the Chiefs, such action is supervised by the Commission to the extent that, except for minor infractions, any suspension, demotion or discharge of a member is appealable to the Board.

Milwaukee takes pride in the fact that during the 79 years its protective services have been under civil service, the Departments have attained and maintained reputations for having forces second to none.

Administration Bureau

Located in Police Headquarters, the Bureau of Administration functions to assist the Chief of Police in departmental administration. For operational purposes, this Bureau is divided into sections, each in charge of a ranking officer or employee with one or more specific functions in the administration of Department business.

INSPECTOR OF POLICE & FIELD INSPECTION

The Inspector acts in a capacity of Assistant Chief of Police and has the responsibility for the general supervision of the entire Department and the authority to perform all duties of the Chief of Police in his absence.

The Chief's staff also consists of a Deputy Inspector for each of the three tours of duty to provide supervisory responsibility in the field on a 24-hour schedule. These high ranking officers report directly to the Chief and keep him constantly informed as to the pulse of the Department.

LICENSE CONTROL

Pursuant to the City Code of Ordinances, this Department has the responsibility for the control and investigation of most businesses and occupations which are conducted under licenses granted by the City of Milwaukee. License applicant investigations are conducted by field personnel and their efforts are reviewed and coordinated by the administrative assistant under the direction of the First Deputy Inspector of Police. Centralized files are kept in the Administration Bureau and close cooperation is maintained with the Office of the City Clerk which issues all licenses which are granted by the Common Council.

The following is a breakdown of the majority of licenses issued which are subject to police control and the number of such licensees who were arrested for various offenses during 1963.

<u>Licenses Issued</u>		<u>Arrests</u>
1983	Class "B" Tavern	199
8461	Class "D" Bartender	162
179	Class "A" Liquor & Beer	5
663	Class "A" Beer only	8
2383	Class "F" Soda Water	1
41	Amusement Device & Phonograph Distributor	7
65	Pharmacist Liquor Permittee	4
Total		386

Of the above 386 arrests, 334 were "single" violation cases (one arrest during the year) and 52 were "multiple" violation cases (two or more arrests during the year).

The four violations that comprise 58.37 per cent of the total charges (466 offenses) brought against licensees are:

Minors on premises	161
Drunks on premises	31
After hours violations	25
Plain drunk violations	55
Total	272

Action Taken by Common Council

Placed on file	328
Pending	25
Revoked	8
Suspended	7
Surrendered	12
Did not file for renewal	1
Denied renewal	4
Withdrew application	1
Total	386

BUDGET & PURCHASES

The preparation of the budget is the responsibility of the Secretary of Police.

Appropriations	<u>1962</u>	<u>1963</u>
	\$13,170,424	\$13,877,807

The 1963 budget, adopted by the Common Council, increased the authorized strength for policing this City of 761,000 population and 95.77 square miles to:

1,782 sworn police personnel
<u>148</u> civilian employees

Total 1,930

This action added 15 patrolman positions with funds and 15 supplementary patrolman positions without funds and one Key Punch Operator II. Also 90 positions of police corporal were created which are to be filled by promotion of 90 existing police patrolmen.

The budgeted appropriations, in addition to providing funds for police operations in the community include:

- Custodial service and maintenance of 6 police buildings;
- Radio communication repair of all city and county mobile units and installations;
- Collection of all traffic stipulations and penalties;
- Collection of all parking permit fees.

Numerous equipment replacement programs have been adopted through budget hearings which now provide for annual replacement of one-half of uniform and unmarked squads and one-fourth of motorcycles and servicars and an adequate number of mobile radio/transmitters, typewriters, sirens, shotguns, rifles, revolvers, etc. The purchase of all items is accomplished by City purchase requisitions processed through the Secretary of Police.

The City purchases most items in quantity and by competitive bid basis. Specifications for specific police equipment are developed by our Department and submitted along with requisitions for purchase.

PAYROLL

The Administration Bureau submits biweekly reports to the City's centralized tabulating section for the purpose of computing payroll. All changes in payroll and deductions from checks of police personnel must be authorized by signature of the Department payroll clerk. Centralized files are maintained of the compilation of overtime, shift time and weekend pay differential time performed by Department personnel.

The 1963 payroll included \$256,859.18 paid for overtime at straight salary hourly rates to line officers in the Police Services Division. The primary purpose of the paid overtime program is to provide payment for time officers spend in court appearances and extensions of their regular tours of duty.

Paid overtime is audited for authenticity and accuracy, and a report is submitted to the Board of Estimates and the Fire and Police Commission indicating the number of men, the number of hours and the gross amount of money paid for overtime duty, all in conformity with Common Council requirements.

PERSONNEL SECTION

The Personnel Section, under the direction of the Chief of Police, is delegated with the responsibility of selecting, assigning, developing and maintaining relations with employees for the purpose of producing maximum effectiveness of the police force. Members having grievances or complaints are encouraged to refer such matters to this section where, to every extent possible, they are treated confidentially and every effort made to correct inequities.

The Personnel Section maintains all files, records and correspondence relating to both active and former members and employees of the Department. Assignments and transfer of personnel are processed through this office. It handles the employment of all personnel and coordinates the pre-employment, character, employment and qualifications investigation of all applicants. During 1963, a total of 158 new employees were processed. Separations from the service were also handled by the Personnel Section, and during 1963, there were 135 personnel losses for various reasons.

Public relations and public information releases are developed through this office in cooperation with all other Districts and Bureaus. Through this cooperative effort, the Department is able to provide qualified speakers to many public service groups and to provide educational tours through police facilities.

The Personnel Section also prepares correspondence for the Chief of Police. Under the direction and signature of the Chief, this office issues official Department orders, directives and amendments to the Rules and Regulations of the Department.

VEHICLE SERVICE

The Vehicle Service Bureau is responsible for the 187 motor vehicles operated by the Department. Records are compiled relating to mileage, gasoline and oil consumption, repair costs and miscellaneous services. It is this bureau which prepares specifications for new vehicle purchases, determines what vehicles are to be traded in each year, assigns the use of vehicles to the operating bureaus and districts and expedites the mechanical maintenance and repair work on all Department vehicles.

INVENTORY OF MOBILE EQUIPMENT

	<u>No.</u>	<u>Mileage</u>
Uniform Patrol Squad Cars	62	2,485,550
Traffic Enforcement Cars	19	274,980

DETECTIVE BUREAU

During the past year, the Detective Bureau continued to function efficiently in spite of a constantly increasing workload.

Special detailed assignments of personnel to investigations of robbery, burglary, auto theft, pawn shop, warrant service and Special Assignment Squad contributed their efforts with those of the general investigation units to producing favorable clearances in all phases of police work.

Unquestionably, the most dramatic arrest of the year was that of the apprehension of Michael George Weston.

On the Fourth of July, with the City in a gay carnival mood with several hundred thousand persons expected to view the Schlitz Circus Parade and the evening's fireworks, a fugitive wanted for homicide and four armed robberies (taverns) was at large in the City.

With all available police officers detailed in safeguarding life and property and handling the complex problem of the crowds, the Bureau took the initiative in tracing the movements of the fugitive. Inspector of Detectives Harold A. Breier and Detective Sergeant Edwin Shaffer, acting on information that the fugitive was observed in an east side tavern, raced to the scene and upon entering the tavern,

immediately recognized the fugitive. As the man reached for a gun concealed under a handkerchief, the method of operation in his tavern robberies, both officers fired simultaneously, felling the fugitive.

With a dramatic climax a few moments before the Fourth of July Circus Parade was to commence, the news of the cancellation of the wanted notice was relayed to officers, alleviating a tense, dangerous situation.

Continuing with the policy of "Hit them hard and hit them fast", the Detective Bureau, despite an increase in all phases of major crimes, helped maintain the reputation of the Department for keeping the City a safe, peaceful, law-abiding community. (Milwaukee can again claim to be the lowest crime-incident city in the 700,000 to 800,000 population class.)

In a news release, Chief Johnson stated, "Milwaukee's relatively crime-free condition is in a great measure attributed to the hard working, law-abiding citizens who do not hesitate to call upon the police officer for assistance and who willingly offer their help and cooperation to the Police Department in reporting crime and the suspicious actions of strangers moving about the community."

VICE SQUAD

The Vice Squad is comprised of plain-clothes personnel divided into teams which are under the direct supervision of two Police Sergeants and a Captain of Police. The administrative control is vested in the First Deputy Inspector of Police. This specialized unit is charged with the responsibility of suppression of gambling, illegal traffic in narcotics, liquor law violations and crimes detrimental to the community morals.

During the past year, various changes in personnel and operations occurred within the Vice Squad, including administrative changes, especially in the area of record keeping and files. Supervisory control was strengthened by the additional assignment of a Police Sergeant to the squad.

Many noteworthy arrests were made by the officers of this Squad in the areas of liquor, narcotic traffic and gambling violations which, in itself, reflects a favorable image of the good work performed by its personnel.

Through keen observation and good patrol, steady enforcement and education via public news media or through public appearances, the Vice Squad works round-the-clock in the suppression of crime.

The continued success of this Squad is highly dependent upon leads and information developed by the uniformed squad and beat patrolmen. Vice control can only be accomplished through the combined efforts of the entire Department.

Police Raiders Find Cache of Marijuana

(Journal 7-31-63)

Police Tuesday seized more than nine ounces of marijuana worth hundreds of dollars in a raid on a south side house. It was the largest marijuana seizure in Milwaukee in five years, vice squad officers said.

Authorities estimated that the marijuana could be made into 2,000 cigarets that sell at retail for 50c to \$1 each.

Raymond Moralez, 24, of 1127 W. Washington st., where the marijuana was found, was charged Wednesday with possession and use of marijuana. He also was charged with perversion involving four boys, all 16, and with possession of obscene photographs. Moralez is the licensee of El Potosino tavern, 633 S. 5th st.

Patrick Paulke, 23, who lives with Moralez, was charged with disorderly conduct.

Vice squad officers gave this account of the arrests:

A boy, 16, questioned about a series of thefts from soft drink machines, admitted having obtained a marijuana cigaret from Moralez.

Police arrested Moralez and Paulke at the house. They searched it and found marijuana in the attic, 100 obscene photographs in an air ventilator and two rolls of obscene motion picture film. Two motion picture projectors and a screen also were in the house.

The youth implicated the three other boys. The teen agers were turned over to juvenile authorities.

County Judge Christ T. Sera- phim adjourned the cases of Moralez and Paulke to Aug. 26. He set bail at \$3,000 for Moralez and released Paulke without bail.

—Journal Photo

Herbert A. Harrer, chief city chemist, examined a sample of marijuana (foreground) that was confiscated by vice squad officers Tuesday.

Identification And Records

The Bureau of Identification is one of the service units of the Department providing a wealth of information readily available to line personnel. This Bureau consists of a fingerprinting, photographic, document classifying, record filing and tabulating section, each of which performs a specific service, pointing towards a centralization of information.

Some of the highlights of the enormous workload connected with providing this information during 1963 were as follows:

New prisoners registered	8,625
(36.7% had previous fingerprint records in this city or elsewhere)	
Applications for various city licenses .	11,772
Arrest cards added to file	94,904
Cards placed in file on juveniles, suspicions and aliases	9,331
Handwriting and pen printing specimens classified and added to file	4,396
Prisoners photographed	4,029
Crime and accident scenes photographed .	3,698

Facilities of this Bureau were used as follows:

Investigative leads and records furnished to other law enforcement agencies . .	4,985
Checks of persons arrested for minor offenses	23,861
Photographs temporarily removed for use in investigations	978
Written communications requesting criminal records and information	22,437
Photographic prints used for special investigations	9,252

Seventy-three local fingerprint identifications resulted in clearing complaints of safe burglary, arson, armed robbery, auto theft, theft from auto, burglary, attempt murder and burglary of U. S. Post Office. There were 37 identifications made from photographs by complainants or witnesses which resulted in the clearing of complaints of assault and robbery, armed robbery, apartment burglary, rape, safe burglary, theft, hit and run, accident, forgery and mail theft.

Ninty-eight dead bodies were identified through fingerprints; 72 local prisoners who denied previous records were identified through fingerprints and 139 identifications were made through latent fingerprints of criminals or objects examined.

There were 349 identifications made in document cases through a search of classified handwriting cards and filed writings, including 28 "probables", and 9 identifications of visible fingerprints taken from checks forged or passed.

UNIFORM PATROL

The Uniform Patrol Division is established to preserve public peace and order, apprehend offenders, protect persons and property and enforce the laws of the State and the ordinances of the City.

Continuing with a long standing policy, this Department responds to all calls for assistance regardless of the nature of the call, and if no immediate service or police action can be rendered, the caller is advised as to where and how he may be served.

The first echelon in providing quick response to emergency calls is the radio patrol squad assigned to the particular geographical area. If all patrol squads are busy, either the solo or servicar cycle assigned to the same locality is dispatched by two-way radio to perform the needed police service, thus providing a back-up force.

Further, all detective squads are equipped with two-way radios and some of these are assigned to general investigation within a specific area and will investigate or assist as directed.

Our motorized patrol can quickly muster forces with the uniformed beat patrolman when the need arises to provide a show of force in a specific area.

The uniform patrol provides an emergency ambulance service which conveyed 25,281 citizens during 1963 who were suffering from minor ailments, as well as victims of traffic, suicides, shootings, etc. This was an increase of 7 per cent over the previous year. This service is rendered by 14 squad ambulances on patrol every minute of the day and 5 standby ambulances housed in district stations.

Baby Girl Forgotten, Then Saved in Blaze

Journal 9/30/63

Officer Enters Smoky Home and Rescues Child Left in Care of Neighbor

A baby girl, forgotten in her crib in a burning apartment building Sunday, was rescued by a Milwaukee policeman.

Shortly before, the policeman and his partner had awakened occupants of the two story brick building at 1301-05 W. Greenfield av.

Authorities gave this account:

Patrolman Allan G. Perry, 24, and Sgt. Ralph A. Mozach, 44, saw flames inside the first floor apartment of Francis Webster, 31.

The officers went in a front door and awakened the Websters. Webster helped his wife, Mary, 23, and two children, Dale, 4, and Thomas, 3, out of a window.

Perry and Mozach then ran to the second floor, where they awakened Mrs. Anita Blake, 64; Mrs. Clarence Krahn, 60, and Mrs. Anna Kostohryz, 78. All three walked out safely.

When everyone was outside, Mrs. Webster screamed: "There's still a baby in there."

The child, Lorrie Walton, 1, was sleeping in a crib in the Webster apartment. Mozach broke down the kitchen door to the apartment. He was forced back by heavy smoke.

Perry broke a side bedroom window, put his handkerchief over his face and crawled inside. He found Lorrie after groping through the smoky bedroom and carried her out. The child was not injured.

Lorrie is the daughter of Mrs. Loretta Walton, who lives in an adjoining apartment. The Websters told police they were caring for the baby over the weekend while Mrs. Walton was in Chicago.

Perry and Mozach were treated at Johnston municipal hospital for cuts and smoke inhalation.

The fire started in the living room of the Webster apartment, probably from a burning cigarette, firemen said. It was confined to the apartment.

Journal 5/31/63
Police Act

**Fast, Save
Baby's Life**
Journ. 5-31-63

The life of a newborn boy was saved by two policemen Thursday when, after delivering the child, they severed the umbilical cord, which had become knotted around his neck. Patrolmen Charles H. Schuerman, 32, and Robert J. O'Connor, 44, answered an ambulance call at 1911 N. 32nd st. and found Mrs. Raymond Bahl, 21, lying on the floor.

The officers—with the assistance of Bahl—delivered the child but found that the umbilical cord prevented him from breathing.

"We had just reviewed what to do in this type of birth at a first aid refresher course last month," Schuerman said. "We cut the cord and got the baby breathing by slapping him on the back."

The officers took Mrs. Bahl and her 8 pound, 4 ounce son to Misericordia. He was named Randall Gene.

Schuerman said that this had been his third delivery. O'Connor said he had assisted at "quite a few."

Police Officer Breathes Life Into Child

Sentinel 8/9/63

A sixth district police sergeant was credited Thursday with saving the life of a 20 month old boy by giving mouth to mouth resuscitation after the child had convulsions and had apparently stopped breathing.

Sgt. Nicholas Kapetanich was standing at a call box at S. 20th st. and W. Morgan av. when Robert DeMore, 41, of 3321 S. 20th st., ran toward him holding his child, Robert, jr. DeMore's wife, Dorothy, 33, was screaming. "He's dying, he's dying!"

Kapetanich, of 4507 W. Fillmore dr., saw that the child was not breathing. He shook the child and applied resuscitation until the child gasped for air.

The child was taken to Johnston municipal hospital and was then transferred to St. Luke's hospital.

Mrs. DeMore said that the child had developed a fever of 107 degrees, but that at Johnston municipal hospital his temperature was reduced to 100.6 degrees.

The family pediatrician said Thursday night that the convulsions had been brought on by an acute throat infection.

HARBOR PATROL

The Harbor Patrol operates two motorboats on the waters within the jurisdiction of the City of Milwaukee. One boat patrols the Milwaukee River north of the North Avenue dam and the other operates in the waters of Lake Michigan and the canals and rivers which form the harbor complex.

Following is a summary of the activity of the Harbor Patrol:

	<u>Arrests</u>	<u>Warnings</u>
Speed	26	128
Hazardous wake and wash	7	28
Negligent operation	1	0
Water skiing prohibited	1	3
Operation by minor	5	1

75 per cent of cost of providing Water Safety Patrol is reimbursed by Wisconsin Conservation Department from funds collected for boat licensing.

\$22,039.45

TRAFFIC BUREAU

The Traffic Bureau is responsible for the enforcement of traffic laws and ordinances which regulate the movement of vehicles and pedestrians and the investigation of traffic accidents with its related processing and recording of accident reports.

INTERSECTION CONTROL

The officers assigned to this duty are required to aid in the orderly movement of vehicles and pedestrian traffic. They also willingly and courteously give assistance and information as may be requested by residents and visitors in the community. These men are assigned to locations of heavy concentration of vehicular and pedestrian traffic during each tour of duty.

ACCIDENT INVESTIGATION

The Accident Investigation Section of the Traffic Bureau is charged with the responsibility of thoroughly investigating all hit and run and incomplete accidents referred to it by the Department. They also follow up on the pickup of drivers' licenses and auto licenses suspended and revoked by the Motor Vehicle Department of Wisconsin.

PARKING ENFORCEMENT

The servi-cycle men are primarily responsible for the enforcement of parking regulations within the City. The motorcycles, however, are equipped with a two-way radio and are radioed to investigate accidents and aid at scenes of fires and crimes as the need of the service requires.

TRAFFIC ENFORCEMENT

The motorcycle division of the Traffic Bureau is particularly responsible for the enforcement of traffic violations and is a mobil force that is utilized for most emergencies that require quick arrival and immediate response to call by radio.

In addition to the above responsibilities, our motorcycle officers provide escorts for funerals, oversize width and length loads, and any convoy operation of military organizations within or throughout the City of Milwaukee.

YOUTH AID BUREAU

The Youth Aid Bureau is dedicated to aggressively further one of the Police Department's prime purposes -- to eliminate, as much as possible, conditions conducive to the development of juvenile delinquency and crime and to encourage activities designed to provide wholesome environment and the development of good citizenship.

The fact that police are constantly engaged in mobile patrol, 24 hours a day, 7 days a week, puts them in the best position to discover and perhaps verify cases of neglected and abused children. However, the matter of handling social work cases must be deferred while the police concentrate on the discovery of crime and delinquency, apprehension of persons involved, proper preservation, development and recording of evidence - plus the presentation of the case in court.

The referral of certain cases to social agencies, rather than to the courts, is a frequent disposition in most large cities. However, such action is extremely limited in Milwaukee because of the reluctance of agencies to accept the responsibilities of such referrals from the police. For this reason, many cases of this type are channeled to Children's Court for action or referral as the only possible avenue available.

During 1963, a pilot program offering testing, training and bicycle inspection was conducted. This program was highly successful and will be expanded to all districts in the forthcoming year.

The fourth yearly charter was granted by the Boy Scouts of America for Explorer Post 323. This Post is dedicated to explore the career of a police officer, and membership is open to any young man between 14 and 18 years of age who wants the opportunity to meet and work with police officers in a program that offers some interesting challenges through training and delegating of some actual police functions.

At the 1963 July 4th Circus Parade, Explorer Post 323 formed and operated a "Lost Child" patrol. Working in conjunction with the Red Cross Emergency Communication Corps, they were instrumental in reuniting 45 children with their parents.

POLICE TRAINING

The Training and Special Services Division is located in the Safety Building and is responsible for the instruction and training of all members of the Department who may be required to attend the courses provided by the Police Training School.

RECRUIT TRAINING

During 1963, expert lecturers were added to the curriculum, including Mr. Corneff Taylor, Executive Secretary to the Mayor's Commission on Human Relations; Dr. Claibourne Williams, City of Milwaukee Health Department, who lectured to the officers on childbirth; Mr. Norman Skogstad, an attorney who lectured on communism, and Mr. John Keck, an attorney who lectured on the role of the defense attorney in court.

There were 3 groups of officers who graduated from the 12-week course of instruction during the year, totalling 127, of which 10 were former Police Aides. While attending the May session, these officers performed active field duty in the annual nationwide motor vehicle check program. There were 20 suburban officers who graduated during 1963.

SCHOOL CROSSING GUARDS

A group of 73 School Crossing Guards attended a week's course of instruction during 1963. Members of the staff gave instructions embraced in a curriculum including basic first aid, child psychology, traffic control, basic traffic laws and procedures employed in violations encountered.

FIREARMS TRAINING

The 1963 Firearms Training Program culminated in the Traffic Bureau winning the proficiency trophy for the third year in a row. This Bureau's average was 83.05. The entire departmental average was 81.53. There were 1,659 officers who fired both on the indoor range in the spring and the outdoor range at the Milwaukee Gun Club in Lake Park during the summer months. A total of 181 officers received special awards and certificates.

The Department pistol team participated in the National Rifle and Pistol Matches at Camp Perry, Ohio in August of 1963 and came home with FIRST PLACE IN THE POLICE EXPERT CATEGORY and ninth in the open competition. The team, managed by Range Officer and Gunsmith James L. Hatton, brought back numerous trophies throughout the year.

POLICE AIDE PROGRAM

On July 8, 1963, 19 young men were appointed as Police Aides. These men receive their clerical training at the Milwaukee Institute of Technology and while in training, are under the guidance of the Training School.

Our Police Aides are of great assistance in handling clerical duties and some functions that would normally require Patrolmen to handle. The Department's benefits are numerous since these men have a keen interest in a police career and they work hard to carry out their responsibilities.

A total of 89 Police Aides were promoted to the rank of Patrolman since the beginning of this program. Police Aides may now be promoted to Patrolmen upon completion of 3 years of training and having attained the minimum age of 21 years.

UNDERWATER INVESTIGATION UNIT

The Department SCUBA team, known as the "UNDERWATER INVESTIGATION UNIT", participated in 65 hours of assigned work. Their work projects included recovery of evidence, searches for bodies and assisting the Coast Guard on many occasions. The 12 men attached to this unit who are called upon to perform this hazardous duty volunteer their services without extra pay. Training sessions are held throughout the year to help make their job as safe as possible.

COMMUNICATIONS BUREAU

The Communications Bureau is responsible for the prompt and proper handling of all Department communications by telephone, radio-telephone, radio-telegraph, teletype and such other electrical means as may be required. It is also responsible for the proper maintenance of all communications equipment and of any other electronic equipment used by this Department.

Operations are divided into two general sections; radio and telephone, each of which has a specific function in support of the overall operation of the Department.

RADIO DISPATCHER SERVICE

Communications Bureau personnel assigned to Radio Dispatcher duty are responsible for the prompt and efficient transmission over police radio of orders and assignments to officers assigned to radio-equipped squads, and the receipt of acknowledgments from squads to Department officials. They are also responsible for keeping records and the proper use of radio equipment in conformity with the rules of the Federal Communications Commission.

TELETYPE RELAY CENTER

The relay center is the focal point of communications for the Milwaukee Metropolitan Area. Direct teletype service is maintained with every suburb and the center is then responsible for all incoming and outgoing messages to every point in the nation. This is done through direct teletype service, radio or teletypewriter equipment.

RADIO SECTION

This section has installed and maintains regular police radio, ship-to-ship, and ship-to-shore marine channel equipment on five city-owned boats, the fire tug Deluge, two police boats and two Harbor Commission boats.

The Radio Section is also licensed to operate land and maritime mobile radio stations on 43 frequencies, and is responsible for the study and planning of frequency needs, the determination of equipment specifications and the installation and maintenance of radio equipment for all City Departments.

TELEPHONE SECTION

Department telephone service is controlled through three switchboards; a five-position switchboard at Headquarters, a three-position board for the northern part of the City and a two-position board for the southern part of the City.

Telephone operations are handled manually at all the switchboards but discussions pertaining to the replacement with automatic dial equipment have been held during the year, and the matter is pending until a settlement can be reached as to whether the City of Milwaukee or the Wisconsin Telephone Company installs the new system.

Saluting our Men in Blue

Police and Fire Service Journal 10/22/63

To The Journal: Recently we had the honor of being served by four of the members of our city fire and police departments.

Due to a sudden high fever, our 7 year old son had a convulsion and we felt it necessary to call the police department. The police not only answered the call immediately themselves but also had a rescue squad sent.

The four men treated us with such concern and kindness that, despite our upset condition, we were put at ease. Later, in discussing this crisis, someone asked what had prompted us to call the police for help. Our son answered the question perfectly:

"They are our friends and will always help us when we need it."

So we say thank you to everyone involved and we also wish to say:

How fortunate we in Milwaukee are to have such fine men in our police and fire departments and to know that we can rely on them when the need arises.

MR. AND MRS. THOMAS R. FELLER.
2723 N. Farwell av., Milwaukee.

From a Citizen

Citizens on Duty

Sentinel 7-10-63

Twice within five days the alert co-operation of Milwaukee citizens has helped police capture dangerous fugitives.

In the latest incident, which occurred Monday, the citizens were two 10 year old boys who were walking along a railroad track, as 10 year olds love to do, when "a man popped out of a hole" and asked them the time. Having seen his picture on television a short time before, they recognized him as an escaped prisoner charged with attempted murder, armed robbery and theft. They notified police and the fugitive was caught.

Last Thursday a 22 year old escaped convict, who had just killed a man, was shot and captured in a Farwell av. tavern as a result of a tip to police from an anonymous informant.

Private citizens, as well as police authorities and the courts, contribute to Milwaukee's reputation as a community where crime doesn't pay.

DEGREES OF AWARDS

Edwin Shaffer

Harold Breier

- CLASS "A" - Posthumously or when injured seriously in direct combat in action beyond that expected in the line of duty.
- CLASS "B" - Gallantry involving risk of life or great bodily harm beyond ordinary hazards of the service.
- CLASS "C" - Extraordinary or unusual heroism in connection with regular discharge of duties.
- CLASS "D" - Display of unusual initiative, marked ability, keen observation and exceptional energy in performance of regular duty.
- CLASS "E" - In cases which do not merit above awards but where a letter of appreciation becomes appropriate.

John Halaska

Edward Sharon

Inspector of Detectives Harold Breier, awarded Class "B" Citation.
For outstanding action apprehending a fugitive sought for murder and two counts of robbery.

Detective Sergeant Edwin Shaffer, awarded Class "B" Citation.
For outstanding action apprehending a fugitive sought for murder and two counts of robbery.

Police Sergeant Ralph Mozach, awarded Class "D" Citation.
Cited for meritorious action at a scene of fire.

Patrolman Allan Perry, awarded Class "D" Citation.
Cited for meritorious action at a scene of fire.

Patrolman James Mallette, awarded Class "D" Citation.
For extraordinary action in administering mouth to mouth resuscitation, knowing that the child had a contagious disease.

Police Sergeant James Shackett, awarded Class "E" Citation.
For prompt and efficient action safely evacuating 18 persons from a burning building.

Patrolman Ronald Rehorst, awarded Class "E" Citation.
For prompt and efficient action safely evacuating 18 persons from a burning building.

Patrolman William Zuehlendorf, awarded Class "E" Citation.
For prompt and efficient action safely evacuating 18 persons from a burning building.

Detective Franklin Berg, awarded Class "E" Citation.
For outstanding performance in apprehending a mentally deranged man barricaded in a residence armed with several guns and knives.

Detective John Halaska, awarded Class "E" Citation.
For outstanding performance in apprehending a mentally deranged man barricaded in a residence armed with several guns and knives.

Detective Edward Sharon, awarded Class "E" Citation.
For outstanding performance in apprehending a mentally deranged man barricaded in a residence armed with several guns and knives.

MILWAUKEE 3, WISCONSIN

LAW ENFORCEMENT PROFESSION'S

Code of Ethics

- I *As a law enforcement officer, I regard myself as a member of an important and honorable profession.*
- II *As a law enforcement officer, I will keep myself in the best physical condition, so that I may at all times, perform my police duty with efficiency, and if necessary defend my uniform with honor. It is my duty to know the art of defense and be proficient in the use of my revolver.*
- III *As a law enforcement officer, it is my duty to know my work thoroughly and to inform myself on all other phases of law enforcement work. It is my further duty to avail myself of every opportunity to learn more about my professional work.*
- IV *As a law enforcement officer, I should be exemplary in my conduct, edifying in my conversation, honest in my dealings, and obedient to all the laws of my city, state, and nation, and I shall regard these as my sacred honor.*
- V *As a law enforcement officer, I should not, in the performance of duty, work for personal advantage or profit. I shall, at all times, recognize that I am a public servant obliged to give the most efficient and impartial service of which I am capable and I will be courteous in all my contacts.*
- VI *As a law enforcement officer, I will regard my brother officer with the same standards as I hold for myself. It is my duty to guard his honor and life as I guard my own.*
- VII *As a law enforcement officer, I should be loyal to my superiors, who determine my policies and accept responsibilities for my actions. It is my duty to do only those things which will reflect honor upon them, upon myself, and upon my profession.*
